UN **SPEAKER TESTIMONIALS**

STUDENTS

I've never felt so connected to a motivational talk and learning about Comparanoia™ inspired me and helped me to get my act together in school and my own social life.

–2nd year college student

I really needed this today. Bullying is present in high school especially around being gay, lesbian or bisexual. I believe people need to understand the normality of it and the emotions that can be caused because of their actions. I will carry the idea of celebration with me wherever I go and will always keep this perspective in my mind and will spread it to those around me. Your story is influential and I'm sure EVERYONE can find an aspect to take from it.

–10th grade student

The shift in attitude is amazing when you consider how your words and actions not only influence others, but create the environment you live in. To this day, I still use many of the tools Davide taught and exuded in his own life.

–College graduate

I didn't realize how much I needed this message. I'm always comparing myself and it's mentally draining at times. Davide helped me to realize some things.

–10th grade student

I have so many new tools to use that I had never thought of before.

–12th grade student

ADMINISTRATORS AND PARENTS

This was very powerful!

–**Donna Taylor**, High School Principal

Not only is he very informed, he's able to teach in a way that is accessible, relatable and so funny. His humility is magnetic!

–**Poppy Sprague**, Psychologist

Davide, your message is a powerful one! Thanks for tackling such an important topic that's so relevant for so many people.

–**Ben Kissam**, Educator, Writer, Comedian

No doubt those who take hold of Davide's message and use it accordingly will experience a transformation that will awaken a new level of success and fulfillment.

–**Danelle Delgado**, Parent, CEO Life Intended, World-Renowned Speaker & Business Strategist

He was inspiring, uplifting and funny!!

–**Gena Dallaguardia**, PTA President, Regional Director

The questions were asked in a way to get me thinking of what I need to let go of that are currently holding me back.

–**David Day**, PTA Treasurer

Powerful! This message solves 99% of all social and mental health issues worldwide.

–**Nadine Psareas**, Parent, Professional Counsellor

A black and white photograph of a man sitting at a table in what appears to be a cafe or restaurant. He is looking down at a smartphone held in both hands. On the table in front of him is a clear plastic cup with a lid and a straw, likely containing an iced beverage. The background is slightly blurred, showing wooden slats of a bench or table. The overall mood is contemplative or perhaps a bit stressed, given the text overlay.
